

AIRLESS IRRICUP

THE END TO PIVOT DOWNTIME

IrriCup by Galileo Wheel – the most advanced innovation in mobile irrigation today:

- ✓ 100% airless, no flats
- ✓ Flexible on drivetrain system, reducing wear and tear
- ✓ Comes ready to bolt on: install and forget about it
- ✓ Flexible airless rubber tire that acts like a track
- ✓ Reduced rut width and depth, reduced soil compaction
- ✓ Flotation – pulls through the deepest mud and doesn't get stuck
- ✓ Much elongated footprint
